The American Karate and Jujitsu Union (AKJU) invite you to join them on a journey through Bangkok, Thailand and Kathmandu, Nepal

Joyfully exuberant, **Bangkok** embraces modern development and presents an initial picture of thrusting office towers; of world-class hotels offering deluxe comforts; of glittering shopping plazas; of restaurants serving Thailand's acclaimed spicy specialties, as well as virtually all other great cuisines East and West; of entertainment spots where the fare ranges from classical Thai dance to modern jazz. Amazingly, in the midst of this dynamic modern world, Bangkok miraculously manages to preserve its cultural heritage to a marked degree. In the soaring roofs, gleaming spires of the Grand Palace and the city's many historic temples. In 2006, AKJU enjoyed every aspect of this city, and we are looking forward to a return trip. Bangkok and Thailand in general, did not disappoint! Don't miss this amazing opportunity.

**Nepal** is one of the most spectacular countries on earth, inhabited by the friendliest and endearing people. For a country that lies 800 kilometers from the sea, it has a scenic and altitudinal variety that is quite unrivalled. It contains the highest mountains in the world, thundering rivers, magical forests and dense lowland jungles.

For the last 13 years, AKJU has taken a team on a magical trip through historic locations in England, France, Germany, Scotland, Ireland, Holland, and this year Belgium. All of these stops have included beautiful countryside, warm and friendly people and untold memories. Every year, we visit new locations on our way to an international competition. This is your opportunity for a trip of a lifetime!
